

## Deer Impact Project Data Sheet Fall 2018

Please measure each seedling and return this form to IFWOA in the enclosed envelope, scan and email to [ifwoa1@gmail.com](mailto:ifwoa1@gmail.com) or enter the data online at [www.ifwoa.org/deerstudy](http://www.ifwoa.org/deerstudy).

<b>Owner Name</b>	<b>County of enclosure</b>
<b>Measurement date:</b>	

Record the height as “natural height.” Without manually straightening the seedling, measure straight up and perpendicular to the ground to the highest point on the stem. Centimeter heights are preferred using the provided measuring stick. If measuring in inches, please note.

- Yes, I am interested in continuing to measure seedlings in 2019 and I understand I can choose to stop at any time. *(You will receive a measurement request in spring 2019)*
- No, I am not interested in submitting further measurements in 2019 and understand I can remove the enclosure or keep it up. *(No further measurement requests will be made)*

Please note any concerns about the plot or trees, any evidence of the fence being breached or other problems with the fencing system.
